Recepcia je miesto, kde dochádza k prvému kontaktu s firmou. Zároveň je to miesto strečovania zamestnancov. Je to bol, ktorý by mal prezentovať firemné hodnoty a príjemnú uvítaciu atmosféru. Vďaka širokej ponuke farebného prevedenia a povrchov recepcií Sunmass vytvoríte jedinečnú atmosféru na mieru vašej značky. Pri vývoji série RC Line sme dbali na to, aby pôsobila nadčasovo, čisto a jednoducho, ale tiež aby vydržala roky. Spodná časť recepcie je chránená homapalom s hliníkových povrchom. Za recepciou je umiestnený kancelársky stôl NVV.

The reception is the first contact area with a company. It is also the workers' meeting place. It is a point that should radiate the company values and a pleasant welcome atmosphere. You can create a unique atmosphere customised to your brand by application of the designs, colours and surfaces of the Sunmass reception desks. When developing the Reception series, we sought to emphasise a feel of timeless, clean and simple design, but also long life. The bottom section of the reception desk is protected by Homapal with an aluminium finish. An NVV office desk is located behind the reception desk.
